

PISTOL PERMIT SAFETY CLASSES

Thank you for your interest in taking the Pistol Safety Course at Hoffman's Gun Center. Here at Hoffman's we have an interest in turning out capable, qualified, and safe students. In the interest of these goals we would like to outline some of the training and give you some additional information about the course.

This is an eight hour course consisting of six hours of classroom training involving safe gun handling, legal issues, and basic firearms discussion. The classroom portion includes a written test. The range portion includes live fire of pistols and revolvers, safe gun handling, and introductory target and defense training.

When handling of firearms is required in any class, SAFETY is the priority. On this issue strict observance of safety rules and practices will be enforced. Firearms safety and handling will be discussed at length during the classroom portion of the instruction. When you get to the live fire stage of the training, warnings will be given for safety violations. Because of the inherent danger involved with a mixed group of students handling firearms, any student who repeatedly violates the basic safety rules will result in that student's failure of the course curriculum.

If you find the above information intimidating, don't. You will be told about these and other safety rules over and over before you ever get to the live fire portion of the program. We are here to educate you on proper and safe fun handling. If you are new to shooting, or have limited experience with gun handling, don't worry. Together we can make your experience safe, fun, and informative.

HOW TO GET STARTED

Our sales or range associates can help you to sign up for the class that best meets your scheduling needs.

Please be ready to tell us which class option you would like to choose:

Sunday or the Monday/Wednesday combination.

Hoffman's accepts check, cash, a *Hoffman's Gun Center gift card*, or credit card for the \$150.00 class fee that you pay when you sign up.

You will be asked to sign a waiver for the class. We want to make sure that all of our students are eligible to participate and that our students acknowledge that there will be live fire as part of the course.

We encourage you to consider the Starter Membership. It is an excellent value and comes in very handy once you get your final permit. If you would like to take advantage of this offer, please tell your Instructor before or after the class.
